

Inland Empire Periodontal Study Club

November 11-12, 2023

Erin B.

Medical History

51 yrs old

no surgeries in the past 2 years

Hormone therapy progesterone, estrogen, testosterone

Vitamin D supplement

Dental History

Only minor restorative (composite fillings)

Perio condition: healthy and stable (2-3mm pocket depth throughout)

Thought: combination tunnel/envelope access for connective tissue graft

- Tunnel between 11/12 and between 13/14 (14/15?)
- Envelope between 12/13
 - Access for mesial/distal tunnel
 - Access for undermining frenum
 - Access for insertion of ct graft
